Two days International Conference concludes

Development officer (Handicrafts), held for the welfare of 400 artisans from handloom factories in India. The event was aimed at promoting the artisans' work and raising awareness about the importance of handicrafts in society.

The conference was organized by the Jammu and Kashmir government in collaboration with the State Department of Tourism. The event attracted participants from various countries, including Malaysia, Thailand, and Nigeria.

Keynote speeches were delivered by eminent scholars and practitioners in the field of tourism and hospitality. The conference also featured interactive sessions and workshops focused on sustainable tourism practices.

Dr. Parikshit Singh Manhas, the Chief Guest, emphasized the role of responsible tourism in promoting cultural heritage and preserving the environment. He highlighted the importance of fostering a sustainable tourism model that benefits both the locals and the tourists.

The conference concluded with a call for action to promote sustainable tourism and encourage local artisans to showcase their skills and contribute to the global tourism industry.
