Indian Graduates Association of Universiti Putra Malaysia (IGAUPM)

The Indian Graduates Association of Universiti Putra Malaysia (IGAUPM) was formed on 11 August 2000 with the aim of fostering fellowship and promoting professional networks among members, and across various alumni, business, cultural and social groups.

Currently, IGAUPM has 129 registered members. We envisage our membership to grow steadily over the next few years.

We believe that it is our duty, as knowledgeable members of the community and as professionals, to continue to strengthen and support all efforts to foster fellowship. Strength in fellowship will enhance personal development, and coupled with strength in ‘numbers’ will invariably provide the foundation needed for a concerted meaningful advancement of the community. A community with strong fellowship is the key indicator of a strong, vibrant and successful community. Keeping in touch and sharing experiences is the first step.

The objectives of IGAUPM are:

- To promote interaction among members for mutual benefit
- To develop and sustain a caring Malaysian society with good family values through social, cultural and religious engagements
- To provide services that promotes academic and career advancement among members in particular and the community in general
- To provide counselling and assistance to members and undergraduates of public and private institutions of higher learning
